

International mail service availability chart (Updated on October 15)

How to read the table

The countries/territories whose status has changed since the announcement on August 27, 2021 are indicated in yellow and underlined.

For information on the delivery delays and other precautions, please see "Delays in Japan" and "Precautions concerning delivery and other matters after mail items arrive at the destination countries and territories."

✓ : Acceptable, * : Acceptable for some items or to some regions (see Restrictions), X : Not acceptable, - : No service

International ePacket is included in Air Letter-post items.

International ePacket Light is not acceptable because it is included in SAL Letter-post items.

Because of the global reduction of flights, considerable delivery delays are expected for accepted outbound mail items.

How to read the table

The countries/territories whose status has changed since the announcement on August 27, 2021 are indicated in yellow and underlined.
For information on the delivery delays and other precautions, please see "Delays in Japan" and "Precautions concerning delivery and other matters after mail items arrive at the destination countries and territories."

✓ : Acceptable, *: Acceptable for some items or to some regions (see Restrictions), X : Not acceptable, - : No service

International ePacket is included in Air Letter-post items.

International ePacket Light is not acceptable because it is included in SAL Letter-post items.

Because of the global reduction of flights, considerable delivery delays are expected for accepted outbound mail items.
